Insanity - 1938

Bessemer, Ala., Advertiser
April 8, 1938

Alabama has an average of 3,757 patients in the Bryce hospital for the insane at Tuscaloosa, 1640 in the Mount Vernon hospital for the insane Negro patients and 641 in the Partlow Institute for the feeble-minded. The total number in the three institutions is 6,038, which is almost the exact number of convicts in our penal institutions.
